With the help of generous local people, the South Yorkshire Community Foundation hit all initial targets for the Grassroots Grants Endowment Challenge.

Therefore we were allocated an extra £526,802 to be matched by South Yorkshire donors, for the benefit of South Yorkshire people.

It seemed that generosity in our county knew no bounds and we went on to hit the extended targets creating an endowed fund of more than £3.6 million.

We are indebted to the community minded people that live in our area and are delighted to have created this endowed funding for South Yorkshire.
